He also has become a recognized industry expert and consultant in home studio set-up and problem solving, specifically for voice over artists new to the industry, or experienced, but with little or no self-recording experience.

He is also Co-Host of the popular weekly live webcast of Voice Over Body Shop (VOBS) with George Whittham, which talks about home voice over studios, presents guests from the voice over industry and other industry news.

He is also a Founding Board Member and Vice President of Technical Standards for World-Voices Organization. An industry association representing voice actors with home studios around the world.
